budget for a valuation of \$115 million. Dr. J. H. Hull, superintendent of schools, stated that the higher assessment figures will not eliminate the need for the override tax. On October 9, voters will be asked to approve the override which will simply raise the school tax ceiling.

Dr. Hull pointed out that more than likely the whole 75 cents will not be levied. In stressing the importance of the override tax, he said that the schools will operate on a deficit budget this year, since funds gained by an approved override will not be available until the 1957-58 tax year.

\$100,000 Improvements For Shoestring Area

Street improvements costing almost \$100,000 have been completed or are now under construction in the Shoestring section of the 15th Councilmanic District, Council President John S. Gibson reported Tuesday at a regular meeting of his advisory committee at Normandie playground.

Construction began last week on the 224th and Halldale project which includes seven blocks of paving curbs, gutters and sidewalks. Paving of 205th st. between Harvard and Denker and of 227th st. from Western to Halldale are other jobs completed, the councilman reported.

Bids for 223rd st. last of the East-West streets south of Carson St. still unpaved are expected to be called early in August with the contract to be awarded by Sept. 1. Sidewalks in the 209th to 211 st., Normandie ave. and Brighton st. area, also will be under contract by that date, Gibson announced.

Elimination of a bad mud-hole at the intersection of 207th st. and Denker is being provided under a \$4000 appropriation arranged by the councilman's office. Curbs and gutters will be laid from 207th to 208th st. with a 3-foot wide strip of black topping to provide adequate drainage.

Other top improvement now under planning in the area includes a lateral storm drain along Halldale ave. in the slough area. Financing of this project, which will cost \$24,000 also has been arranged, the councilman reported.

Plans for a community-wide celebration to mark the completion of the 224th st. job, are being made, it was reported by Thomas Murphy, advisory committee chairman.

Junior Achievement Organizing

First step in organization of next fall junior achievement "corporations" was taken recently when nearly 60 executives of counseling firms met in the Southern California Gas company auditorium in Inglewood.

The executives, who will serve as volunteer consultants next fall to the Hawthorne Junior Business Concerns, assembled to hear plans for the 1955-56 Junior Achievement program.

Junior Achievement, a national non-profit organization sponsored by local business and industry, gives Los Angeles area high schoolers a learn-by-doing experience in operating their own companies.

Speaking at the meeting this week was H. K. Swenerton, vice-president of Gladding McBean and company. Guest speaker was L. R. Waters who served as last year's advisor.

A three man team of executives from leading local companies advises the teen age business men and women in the formation and operation of each J. A. company. The volunteer advisors will take a special training course in September to prepare them for their counseling jobs.

Steel Talks Resumed

Leaders of the striking steelworkers union were this week informed that negotiations will be resumed in Pittsburgh, Penn., today.

The strike has idled 1,000 Torrance steelworkers at the Columbia Geneva and Bethlehem Pacific steel plants in Torrance.

Only token picketing has marked the local strike scene. Production and clerical workers at both plants are striking.

Purse Stolen

A dextrous thief cut a hole in the screen door at the rear of the Bobby Jean Shop, 24605 Narbonne ave., Lomita, last Saturday and fished out a purse.

The purse containing only a small amount of money and personal papers was lying on a table in a room at the back of the store, Lennox sheriff's station reported.
